

ANNOUNCEMENTS
Friday April 26, 2024
School, Community, Family. #Bulldogpride

General:

Week 4: Human Health vs. Plastic

What we put out in the world comes back to us. The same goes for plastic waste.

Quick Facts:

- Each year, the average American ingests more than 70,000 microplastics in their drinking water. (Earth Day)
- Plastic packaging containing BPA can leak phthalates into food, which have been linked to hormone disruptions (Earth Day)
- 9 in 10 cosmetic products contain microplastics. (Beat the Micro Bead)

Useful Reads:
