

*** ALERT! ***

IMPORTANT NOTICE ABOUT MEDICAID

Over 90,000 children in Missouri have lost Medicaid (also called MO HealthNet) since January 2018. Your child may be one of them.

Did you get a yellow annual renewal form in an envelope marked “time-sensitive?” It looks like this.. 

- Did you complete, sign, and return this form?
- Have you checked to make sure your child still has Medicaid coverage?
- Because of mail delays or other problems, it is possible that your child is no longer covered. Even if you sent in the form, it is still very important to check! ...See next page for more information on what to do next.

How to check your child's Medicaid coverage: Go to the Department of Social Services Website at <https://mydss.mo.gov/> and click on the "Check My Status" button.

If you see that your child has lost coverage, you may call 855-373-9994 to complete your Annual Review form. You can do this any time before the end of the 90-day grace period following the due date. You do not need to file a new application during that 90-day period.

If the Annual Renewal form is received by the Family Support Division (FSD) within 30 days, your case will be re-opened. If you are found eligible, there will be no break in coverage and your child will be covered for another 12 months.

If the 90-day grace period has ended you will have to file a new application. Applications may be submitted electronically by going to <https://mydss.mo.gov/> or by calling **855-373-9994**.

There are people that can help you through this process. Your medical provider, nursing or support staff at your child's school, the local FSD office or a local legal aid organization may be able to help. You can find a local legal aid by going to <https://www.lsmo.org/node/747/our-offices>.

Note that MoHealthNet / Medicaid includes the following companies. Look at your child's Insurance Card.

Home State Health

United Healthcare

Missouri Care

MO HealthNet
