

Stanberry R-II School District
Safe Return to In-Person Instruction and Continuity of Services Plan (SRCSP)
2022-2023 School Year

This document will serve as the plan for the continuation of educating students within the Stanberry R-II School District. The Missouri Department of Elementary and Secondary Education (DESE) asked that schools have a plan in place as guidance for families. As the Stanberry R-II District operated a regular school year last year, the plan moving forward is to continue with the same approach as before with a few exceptions. The plan will be reexamined every six months or when conditions warrant a necessary change. The plan was created with input from the administration, Board of Education, teachers, school counselors, local health officials, food service director, maintenance staff, community members, and stakeholders. If you need or know someone who needs this plan translated or read to them, please call Dr. John Davison at 660-783-2136.

DESE, under the mandate of the Federal Government, has asked that schools include at a minimum the 8 bolded and numbered items below:

1. **UNIVERSAL AND CORRECT WEARING OF MASKS**

Masks- Masks will **NOT** be a mandatory requirement for students or staff members.

- a. Should a child become sick at school and show signs of potential COVID-19 symptoms a child may be asked to wear a mask until a family member could pick the child up.
- b. Teachers will not be responsible for the masks of students that choose to wear a mask.
- c. Families who choose to wear a mask will need to provide their child with a mask.

2. **PHYSICAL DISTANCING**

Social Distancing - As of August 2022, there are no longer any CDC Guidelines in regard to social distancing.

- a. Students will be taught the importance of covering coughs and sneezes, hand hygiene, and not coming to school sick or with a fever.
- b. Students will be taught to be conscientious of their surroundings and exhibit behaviors that take the needs of others into consideration.

3. **HANDWASHING AND RESPIRATORY ETIQUETTE**

Handwashing and Respiratory Etiquette

- a. Students will be encouraged to wash their hands regularly.
- b. Stanberry R-II personnel, along with local health professionals will teach students the appropriate way to safely wash their hands.
- c. Students will be reminded and educated to cough into their elbows and utilize Kleenex.

Hand Sanitizer

- a. The school will make hand sanitizer available in classrooms for student use.

4. **CLEANING AND MAINTAINING HEALTH FACILITIES**

Cleaning

- a. High touch surface areas will be cleaned ~~daily multiple times~~ routinely

- b. Students will be reminded to wash their hands regularly after returning from areas where they may have touched high volume surfaces.

5. **CONTACT TRACING-** There are no longer any CDC Guidelines in regard to contract tracing.

6. **DIAGNOSTIC AND SCREENING TESTING**

- a. The Stanberry R-II School District will not administer any test for COVID-19.
- b. The Stanberry R-II School District will remind students and staff that testing is available through the Tri-County Health Department, participating pharmacies, and clinics.

7. **EFFORTS TO PROVIDE VACCINATIONS**

- a. Currently the Tri-County Health Department has vaccinations available at no cost to individuals who are eligible for the vaccine.
- b. At this time, the Pfizer Vaccine is available for children 6 months and older and the Modera vaccine for ages 5 years of age or older. These vaccines can be administered at this time by the Tri-County Health Department, participating pharmacies, and clinics.
- c. Vaccines have been made available to staff members since spring 2020-21 and are still available through the Health Department.
- d. There are no plans to require individuals to take the vaccination.

8. **APPROPRIATE ACCOMMODATIONS FOR CHILDREN WITH DISABILITIES**

- a. Appropriate accommodations for students will be made available on a case by case basis as needed or as mandated by an Individualized Education Plan (IEP).

ADDITIONAL NOTES OF IMPORTANCE:

- Temperature Checks-The district will NOT conduct daily temperature checks of students. In the event a student appears to have an elevated temperature the student's temperature will be checked.
 - Parents are also asked not to give their children doses of medication designed to force the body to drive down an elevated temperature for the purpose of sending their child to the school.
 - Students who have a temperature at school at or above 100.4 will be given a mask to wear until they have left the school with a parent/guardian.

SOCIAL AND EMOTIONAL SUPPORT

- The Stanberry R-II School District understands that the COVID crisis has caused a great deal of stress and disruption into the lives of its student body. As such, the district counselors will continue to meet one-on-one and virtually with students throughout the school year.
- As has been the case in previous years, the district has protocols in place to work with students and families who are experiencing difficult situations. As it is impossible to plan for each potential scenario the staff of the school will work with students as the school becomes aware of situations students are dealing with.
- The Stanberry R-II School District will seek the services of a Licensed Clinical Social Worker to assist in the Social and Emotional support of the student body and staff.

CONTINUITY OF SERVICES

- In the case of students being out of school for an extended period of time due to COVID-19, Stanberry R-II School District Students will still be able to receive instruction electronically or through paper/hard copy.
- Teachers will interact with students to provide instruction, develop appropriate feedback (student and parents), and check for understanding during distance learning
 - Email/Google Classroom: 2-3 times per week
 - Teleconference: Weekly
- The Stanberry R-II School District will use teleconference/web-based software to teach/reinforce concepts along with virtual instruction
- If Internet Access is not available for families, communication with Stanberry R-II School District must be made by contacting John Davison at 660-783-2136 for assistance.
- Stanberry R-II School District will provide devices to use for remote learning if needed. Communication from home must be made to help provide the appropriate device.
- If packets are sent home, they will have the same types of questions or scenarios as the online portion for the students. The majority of information can be printed or scanned from the original online version so the same information is presented in both forms of instruction.
 - Stanberry R-II School District will have a drop off and pickup station inside the building for packets. If parent do not have means of transportation, these packets can be dropped off or picked up by administration.
 - Feedback and Instruction can take place via FaceTime/Google Meets/Zoom or handwritten. PowerPoint Notes or Instructional notes may be printed off if needed.

PROCEDURES FOR STUDENTS WHO BECOME SICK AT SCHOOL

- Contact the parent and determine if the child has been in an area where they may have been exposed to COVID-19.
- Students with a temperature at or above 100.4 will be sent home.
- A child would not be allowed to return to school until they are fever free for 24 hours without fever reducing medication, and any other illness related symptoms are showing signs of improving.
- Requirements for students that have been exposed or potentially exposed will be evaluated on a case-by-case basis.- The Tri County Health Department is available for consultation if needed.

ACADEMICS

- In the event that the school needed to close for an extended period of time, the school will transition into Distance Learning for students. All students will have work assigned through Google Classroom and utilize their Chromebooks to complete assignments.
- The Stanberry R-II School District will adhere to a grading policy should the district be required to move into Distance Learning.
- In the event the school transitions into a Distance Learning, attendance in Distance Learning will be required and students will be required to complete work assigned to be counted as attending.

APPENDIX A – This appendix is prepared to outline the practice for excluding students from in-person attendance at school that have tested positive for COVID-19.

- Anyone that test positive for COVID-19, regardless of vaccination status and/or symptoms, will be excluded from in-person attendance at school for 5 days from the start of symptoms and will be required to wear a mask for 5 days upon returning to school provided that they are showing improvements in symptoms and have been fever free greater than 24 hours without fever reducing medication.
- Home tests will be recognized by the Stanberry R-II School District to determine a COVID-19 positive or negative case.

This plan may be changed with short notice due to the nature of the pandemic. This plan will be reviewed on a monthly basis to ensure that best practices continue to be utilized.

SRCSP STAKEHOLDERS

- John Davison, Superintendent
- Lisa Craig, JH/HS Principal
- Tammy Graham, Elementary Principal and Special Education Director
- Jason Dias, Teacher, Coach, and Athletic Director
- Ronda Carroll, School Nurse
- Rick Blumer, Maintenance Director
- Brent Jennings, School Board President
- Keith McQuinn, School Board Vice-President
